*QHSE Lead Auditor | Risk Assessment | HSE Training | ISO Standards | Corrective Action Recommendations |
HSE Strategy Development | Safety Program Implementation | Incident Management |
Sustainability Initiatives | Emergency Response Planning | Safety Culture Promotion*

Dynamic QHSE professional with over two decades of comprehensive experience across diverse industries, from marine services to chemical sectors. Accomplished lead auditor with extensive experience conducting third-party QHSE audits for certification bodies, ensuring conformity with international standards and regulatory frameworks. Known for delivering detailed audit findings and value-added recommendations that drive continuous improvement across quality, health, safety, and environmental domains. Proven expertise in leading and implementing robust ISO management systems, including ISO 9001, ISO 14001, and ISO 45001. Adept at steering cross-functional teams and fostering a transformative HSE culture across organizational levels. Recognized for achieving significant sustainability milestones, notably enhancing waste recovery rates and reducing environmental impacts such as CO₂ emissions and water consumption. Celebrated for sustainable development practices and achieving critical targets such as 'zero fatality/major accident' milestones.

SIGNATURE COMPETENCIES

*ISO Compliance - IRCA Registered Tutor - Lead Auditing
- Training Curriculum Development - HSE Management - Sustainability Integration - Safety Culture Promotion - Risk Assessment -
Waste Management - Regulatory Compliance - Chemical Security - Incident Investigation - Pollution Prevention - Wastewater
Treatment - Behavioral Based Safety - Incident Investigation - Environmental Impact Assessment - Occupational Health Programs*

PROFESSIONAL SNAPSHOT

QHSE Lead Auditor - Global Certification Bureau

Oct 2024 - Present

Key Achievements:

- Led successful ISO 9001, ISO 14001, and ISO 45001 certifications across multiple departments
- Developed and implemented risk-based audit plans aligned with ISO frameworks
- Trained and mentored cross-functional audit teams on ISO standards and best practices
- Streamlined documentation systems to ensure traceability and audit readiness
- Conducted supplier audits to ensure alignment with ISO requirements

QHSE Manager - O₂ Marine for Diving Services

Feb 2023 – Sep 2024

Steered key infrastructural projects, ensuring on-time completion with top-tier quality and safety standards. Marked by innovation, cross functional collaboration, and unwavering commitment to excellence.

Key Achievements:

- Spearheaded the management of ISO 9001, 14001, and 45001 systems, leading to enhanced quality, environmental sustainability, and workplace safety across operations.
- Oversaw and ensured full compliance with commercial diving class requirements, ensuring seamless and standardized diving operations, and bolstering organizational credibility in the marine sector.
- Successfully navigated the organization through the rigorous process of IMCA-ADCI certification, positioning us as a recognized leader in marine and diving standards on an international scale.

- Proactively addressed and managed security concerns in both onshore and offshore environments, resulting in a 50% reduction in security incidents and fortifying operational integrity in high-risk areas.

Value Added Results:

- Streamlined QHSSE processes, resulting in a 25% improvement in operational efficiency across marine projects.
- Achieved a reduction in workplace incidents, underscoring a commitment to stringent health and safety standards.
- Initiated and implemented state-of-the-art security measures, leading to a decrease in security breaches in marine operations.
- Introduced sustainable practices, leading to a reduction in environmental footprint for diving operations.
- Spearheaded comprehensive QHSSE training programs, ensuring 100% staff compliance with updated industry regulations.
- Fortified relationships with regulatory bodies, securing faster project approvals and reinforcing company credibility in marine services.
- Conducted rigorous risk assessments for diving tasks, reducing potential hazards and ensuring smoother operations.
- Elevated service quality standards, resulting in an increase in client satisfaction scores for marine and diving projects.
- Developed and tested an incident response plan, ensuring rapid and effective action during potential emergencies, thereby safeguarding personnel and assets.
- Implemented data analytics for continuous QHSSE monitoring, resulting in proactive adjustments and data-backed strategies for marine operations.

□ **Freelance QHSE Tutor & Instructor for ISO Standards, Lead Auditor**

May 2021 - Sep 2024

Key Achievements:

- Successfully delivered specialized courses tailored for industry leaders, including ADNOC, Abu Dhabi and Phosphate Misr, leading to enhanced operational standards within these organizations.
- Catered to a broad spectrum of clientele, conducting training sessions for various individual groups which solidified my reputation as a go to QHSE consultant in the region.
- Conducted intensive ISO 45001 Lead Auditor training on 21 separate occasions, equipping professionals with the skills and knowledge to maintain and audit occupational health & safety management systems.
- Led ISO 14001 Lead Auditor training 13 times, emphasizing the importance of environmental management systems and ensuring businesses operate sustainably.

□ **Occupational Health & Environment Section Head | PROMETEON TYRE GROUP**

Aug 2011 - Apr 2021

Key Achievements:

- Spearheaded a paradigm shift in HSE culture through the 'Excellence in Safety' initiative in collaboration with DuPont.
- Honored with the 'Sustainable Development 2017' award by the Federation of Egyptian Industries (FEI).
- Realized a landmark safety goal of zero fatalities/major accidents and no legal complications.
- Slashed Lost Time Injuries from 16 in 2013 to an impressive zero in 2018.
- Amplified waste recovery rates went from 79% in 2011 to 98% in 2021.
- Diminished water consumption from 14 m³/TFP in 2009 to a mere 4.3 m³/TFP in 2021.
- Cut CO₂ emissions from 1.04 in 2009 to 0.84 in 2021 and achieved zero wastewater discharge since 2018.
- Mitigated noise levels in the Curing Department from 135 dB in 2018 to 83 dB in 2021.
- Reduced energy consumption from 13 GJ/TFP in 2009 to 9.2 GJ/TFP in 2021.
- Established the factory as a beacon for environmental results among peer Prometon facilities.
- Instilled a proactive culture where every team member plays a pivotal role in conserving resources and preventing potential losses.
- Entrusted as acting HSE Manager for 2 years (2017-2018), showcasing adaptability and breadth of expertise.

Value Added Results:

- Optimized workflows and practices, resulting in a 25% increase in workplace safety protocols' efficacy and a notable reduction in environmental impact.
- Fostered a culture of interdisciplinary teamwork, bridging gap between departments to achieve unified health and environmental goals.
- Launched comprehensive training modules, elevating staff expertise in health and environmental standards, leading to a 20% rise in compliance scores.

- Implemented proactive risk assessment methodologies, reducing potential hazards by 30% and ensuring a safer, more environmentally friendly workspace.
- Developed and tested emergency response plans, ensuring swift and efficient action during potential health or environmental crises.
- Leveraged data-driven approaches to monitor and evaluate health and environmental outcomes, facilitating evidence-based decision-making and continual improvement.

□ QHSE Section Head | Evyap Egypt

Mar 2007 - Jul 2011

Key Achievements:

- Spearheaded end-to-end project management for the qualification of ISO standards, ensuring stringent adherence and operational alignment with global benchmarks.
- Led an impactful project focused on revolutionizing HSE culture within the organization, fostering a more proactive, safety-conscious, and environmentally responsible ethos.

Value Added Results:

- Pioneered the establishment and sustained execution of comprehensive management systems encompassing Quality, Safety, Occupational Health, and Environment.
- Entrusted as the primary HSE figurehead, overseeing all facets including rigorous risk assessments and environmental aspect evaluations.

□ Environmental Inspector | Governorate of Alexandria

Jun 2001 - Mar 2007

Education

- Post Graduate Studies in Environmental Sciences, University of Alexandria, Alexandria, May 2005.
- Bachelor's degree in chemistry & Botany, University of Alexandria, Alexandria, May 1999.

Professional Certifications & Training

- ISO 9001 Lead Auditor - Quality Certification, IRCA Global, Feb 2023.
- ISO 45001: 2018 lead auditor, IRCA Global, Oct 2022.
- ISO 45001:2018 Internal Auditor, QUALITY ACADEMY, Oct 2020.
- Auditor/ Lead Auditor EMS 14001:2015 certified, IRCA Global, Jan 2017.
- Chemical Security Assessment, Dec 2019
- Fire Marshal, Jul 2018
- First Time Manager, Mar 2017
- Osha General Industry, Jan 2017
- ISO 14001:2015 Lead Auditor, Dec 2016
- NASP- Tot Certified Safety Manager, Aug 2016
- IASP- Certified Safety Manager, Aug 2016
- Drugs Control, Jul 2016
- Dupont: Visible Felt Leadership, Dec 2015
- Pollution Prevention, Aug 2015
- Kelvin Top Set (Incident Investigation), Jan 2015
- Dupont: Excellence in Safety Program, Dec 2013
- IASP: Behavior Based Safety, Dec 2013
- Designing and Operating of Wastewater Treatment Plants, Apr 2013
- NEBOSH IGC1, IGC2, IGC3 NEBOSH, Jun 2011.
- Tot (Training of Trainers), Jul 2010
- Governmental Course: Occ. Health and Safety Specialist, Mar 2010
- NASP Inspection, Dec 2009
- Osha Construction, Dec 2009
- Solid Waste Management, Dec 2000

Workshops

- *Chemical Security Training & Award for Chemical Industry Managers (Certified), Dec 2019*
- *Egypt Chemical Supply Chain Security Apr 2015*
- *Chemical Safety and Security for Industry, May 2013*
- *Chemical Safety and Security Workshop, Mar. 2013*
